# INTERNATIONAL WOMEN'S DAY

[Date – 8<sup>th</sup> March,2025(SATURDAY) Location :-B.Ed Conference Hall of New Building]

## INTRODUCTION :

International Women's Day (IWD) is celebrated annually on March 8 to recognize the achievements of women across social, economic, cultural, and political spheres. It also serves as a call to action for gender equality and women's rights worldwide.

## History and Significance

The origins of International Women's Day trace back to the early 20th century, when women began advocating for better working conditions, voting rights, and equal opportunities. The first National Women's Day was observed in the United States on February 28, 1909, organized by the Socialist Party of America. Inspired by this, in 1910, an international conference of socialist women in Copenhagen proposed an annual day to campaign for women's rights. The first official International Women's Day was celebrated in 1911 in Austria, Denmark, Germany, and Switzerland.

In 1977, the United Nations officially recognized March 8 as International Women's Day, encouraging member countries to promote gender equality and women's empowerment.

## Themes and Celebrations

Each year, IWD has a theme that highlights a key issue in gender equality. The day is marked by rallies, conferences, cultural performances, and campaigns promoting women's rights. Governments, organizations, and individuals worldwide participate in events to honour women's contributions and advocate for change.

## **Why It Matters**

International Women's Day serves as a reminder that while progress has been made, challenges such as gender discrimination, pay gaps, violence against women, and unequal representation in leadership still persist. International Women's Day is not just a celebration but a global movement advocating for gender equality and women's empowerment. It serves as a reminder of the progress made in women's rights while highlighting the challenges that still exist, such as gender discrimination, pay gaps, and violence against women.

Through events, awareness campaigns, and policy discussions, IWD encourages individuals, organizations, and governments to

take action toward creating a more inclusive and equitable society. It inspires both women and men to support gender parity in workplaces, education, and leadership.

As we observe International Women's Day each year, it is essential to remember that gender equality is not just a one-day effort but an ongoing journey. By supporting women's rights, advocating for fair policies, and promoting equal opportunities, we contribute to a future where every woman can thrive and succeed.

Government College , Sundargarh , extends their sincere gratitude to all guests and attendees for making the event success.
